

CODEMARK™

Product description

The KOTAHI Overclad Weatherboard System comprises a pre-finished metal PU insulated sandwich panel weatherboard in shiplap format complete with proprietary trims to provide a durable rain-screen over existing typical fibre-cement or EIFS type cladding systems that have been subjected to an inspection process. The weatherboards are available in a range of colours.

Product Purpose or Use

The KOTAHI Overclad Weatherboard System is intended for use over existing installations of fibre-cement sheet or EIFS type claddings with finishing systems used in residential buildings.
