

BEAL Appraisal Certificate

VERSION 1.0
ISSUED: May 2020
EXPIRES Apr 2021

Product: Keep-It-Dry (a surface water resisting product)

Certificate-holder: Nga Tika Trading Co. Ltd.¹

Product description:

The NGA TIKA TRADING CO Keep it Dry product is a low-toxin, water-based, water-resisting concentrate solution. The diluted form can be applied to any brick and cement-based material surface that is subject to periodic contact with rain not allowing any hydrostatic pressure to develop.

Scope of Use & Limitation Statement:

Keep-It-Dry is required to be designed and installed according to the details described in this technical and installation manual, by NGA TIKA TRADING CO trained and or approved persons. The product attacks glass and therefore all glass surfaces should be adequately protected from accidental overspray when the product is being applied on building sites.
